WHOLESALE PRICE LIST

Fall 1952

Spring 1953

IMPORTANT NOTICE

This is a wholesale price list and for people who are engaged in nursery and floral trades only.

TERMS OF SALE

CONDITIONS — We accept all orders on condition that they shall be void should injury beyond our control befall the stock. All quotations are subject to prior sale of stock. Prices listed cancel all previous quotations.

PRICES — Five and fifty of one variety and size at the 10 and 100 rate respectively.

CASH & CARRY — On carload or truckload orders where crating is not necessary and full payment is made before delivery, we offer a 20% discount on all B&B plants including grafted Camellias, and Azaleas, except Azalea liners. This discount does not apply to any bare-root stock.

PAYMENTS — Cash with order. C.O.D. shipments will be made only when a twenty-five per cent deposit accompanies order.

BOOKING ORDERS — Booked orders will not necessarily be binding on us unless buyer either takes delivery or confirms order with a deposit of 25% on or before January first

CLAIMS — All claims must be made immediately upon receipt of stock. We shall be glad to adjust any mistake made by us, but in no case will our liability exceed the purchase price.

TRANSPORTATION — All prices F.O.B. Mobile. We make no charge for delivery to carrier, but our liability ceases when goods are turned over to carrier, and risks and cost of transportation belong to purchaser.

We are open for business from 7 A. M. to 4 P. M. on week days, Saturday till noon, and no business on Sundays. You are cordially invited to visit us during our business hours.

BROAD-LEAVED EVERGREENS

Abbreviations: S., Seedlings; C., Cuttings; T., Transplanted; BR., Bare-rooted; B&B, Balled and Burlapped.

ABELIA EDWARD GOUCHER

Similar to well-known Abelia Grandiflora with larger and darker pink flowers and far superior in every way.

	Each	10	100
6- 8" C. T.	\$.15	\$1.25	\$10.00
8-12" C. T.25	2.00	12.50
12-18" C. T.35	2.50	17.50

BUXUS HARLANDI

Dark green, narrow leaved, compact, slow grower but faster than Buxus Sempervirens and will stand hot summer of the Gulf Coast, but is also very hardy. By far the best Boxwood for the South.

4- 6" C. T.15	1.00	8.50
6- 8" C. T.20	1.25	10.00
8-12", 3 yr. bushy, C. T.25	1.75	15.00

CALLISTEMON RIGIDUS (Bottlebrush)

Compact bush with narrow, stiff leaves. Bright red bottle brush shaped flowers in spring and summer.

2½" Pots30	2.50	15.00
3" Pots45	3.75	20.00
4" Pots75	6.00	50.00
1 Gallon cans	1.15	9.50	85.00

COTONEASTER FRANCHETII

Upright, densely branched shrub with spreading branches. Small orange-red flowers.

6- 8" Seedlings			10.00
8-12" Seedlings			12.00

EUONYMUS PATENS

Low evergreen shrubs with clusters of red berries in the winter.

6- 8" C. T.15	1.25	10.00
8-12" C. T.25	1.50	12.50

GARDENIA MYSTERY

Well-known Cape Jasmine with much larger and more attractive flowers than the old type.

6- 8" C. T.15	1.00	8.50
8-12" C. T.20	1.25	10.00
12-18" C. T.25	1.50	12.50
12-18" Field grown B&B75		
18-24" Field grown B&B	1.00		

GARDENIA RADICANS

Dwarf growing, small leaved, almost creeping Cape Jasmine with small, very fragrant flowers.

GARDENIA STRICTA

A little taller grower than above with larger flowers. This Gardenia is very hardy, withstanding severe winter of Dallas, Texas section without protection. Excellent variety, but supply is limited.

Prices of above two Gardenias:

	Each	10	100
6- 8" C. T.15	1.00	8.50
8-12" C. T.20	1.50	10.00
12-18" C. T.25	1.75	15.00
12-18" B&B75		

(Last two sizes in Stricta only)

GARDENIA VEITCHI

Well known winter-blooming Gardenia used extensively by florists. Cannot stand but a few degrees of frost. Our plants are grown in full sun and are bushy.

Well-rooted cuttings10	.60	5.00
2 1/4" Pots25	1.75	15.00
3" Pots35	2.50	20.00

HIBISCUS ROSA SINENSIS (Chinese Hibiscus)

A great opportunity is offered to nurserymen of the South, where tremendous home developments have been made, to capitalize on the keen demand for more attractive summer blooming plants. The Chinese Hibiscus are among the most beautiful of summer blooming plants, especially the newly-introduced varieties which are of truly breath-taking beauty. The recently formed Hibiscus Society of America indicates the awakening of public interest in this long neglected subject.

In sections where it is too cold for this rather tender plant, we advise banking with soil, about 8 inches high, to protect the crown of plants, before freezing weather. In spring remove the soil and cut back to live wood, and you will have bushy blooming plants before early summer.

We are offering some of the best varieties of the present time, grown in full sun, from 3" pots.

FLORIBUNDA

Single, windmill type, white with red center. Small, neat foliage. Free bloomer.

HAWAIIAN HYBRID

Small, single, salmon pink.

LAMBERTI

Medium size, very double, formal type. Crimson.

MINERVA

Single, deep pink slightly veined with dark center. Very vigorous grower with dark green leaves and showy.

MINNEWA BELL

Light pink to dark pink star in center. Strong growing and free blooming.

MURIEL EVANS

Medium large reddish-apricot, deeper in centers, lighter veins, frequently speckled with light yellow.

PEACHBLOW

Large, very double, with reflexed petals. Soft pink with darker center.

PINK BEAUTY (Versicolor: Lone Star State)

Very large, single, bright pink with edges of petals shading to white, suggesting a "Texas Star." Very popular.

PSYCHE

Small, single, bright scarlet flowers completely cover the plant. Brilliant ruffled flowers of exquisite form.

SINGLE SALMON

Single, large salmon colored flowers are produced freely. Vigorous grower.

Prices of all above varieties of Chinese Hibiscus:

	Each	10	100
3" Pots35	3.00	25.00
1 Gallon cans85	6.00	50.00

HYDRANGEA HORTENSIA

Well-known French Hydrangea with huge spikes of blue or pink flowers, depending upon soil conditions, in early summer. They do best in partially shady locations with plenty of moisture.

12-18" C. T., 1 yr. B.R.35	2.50	20.00
-------------------------------	-----	------	-------

ILEX CASSINE ANGUSTIFOLIA

Medium size shrub with narrow long leaves. Even young plants will bear red berries profusely.

ILEX CRENATA BULLATA (Convexa)

Slow, but compact grower with glossy convex leaves, very desirable for hedge or low foundation planting. Very hardy.

ILEX CRENATA MICROPHYLLA

Similar to above with less convexed leaves which are more glossy. A very compact grower. The best type small-leaf Ilex.

ILEX VOMITORIA FEMINA (Berry Bearing Yaupon)

Compact, twiggy shrub with small oblong leaves and bright red berries in profusion. Seedlings will not all bear, but these are cuttings grown from female plants. Can be sheared in any form.

Prices of above four Ilex:

	Each	10	100
6- 8" C. T.20	1.50	12.50
8-10" C. T.25	1.75	15.00
10-15" C. T.30	2.00	17.50

ILEX CORNUTA BUFORDI (Chinese Holly)

Large, highly glossy dark leaf has one spine. Very attractive holly with profuse red berries of pea size.

ILEX CORNUTA FEMINA

Several spined, regular Holly-leaf shape of above kind. Will make small trees and is perfectly at home from Gulf Coast to New England States. Our potted Chinese holly are very nice.

Prices of above two kinds:

6- 8" C. T.25	1.50	12.50
8-12" C. T.30	2.00	17.50
6- 8" 2¼" pots30	2.00	17.50

ILEX OPACA FEMINA (Berry Bearing American Holly)

Our cuttings are from heavy berry-bearing trees of well known American Holly.

2¼" Pots30	2.00	17.50
----------------	-----	------	-------

ILEX CRENATA ROTUNDIFOLIA

Roundish, dark green leaves of compact growth, similar to Boxwood. Will make excellent plant for medium size hedge or foundation planting.

6- 8" C. T.15	1.25	10.00
8-10" C. T.20	1.50	12.50
10-15" C. T.25	1.75	15.00

LIGUSTRUM LUCIDUM COMPACTUM (Wax Privet)

Compact, fast growing shrub with glossy dark green leaves, thriving under adverse conditions. One of the most useful evergreens.

6- 8" C. T.15	1.00	8.50
8-12" C. T.20	1.50	10.00
12-18" C. T.25	1.75	15.00
18-24" C. T.30	2.00	17.50

MAGNOLIA FUSCATA

Well-known Banana Shrub of old southern gardens. Rather difficult to transplant, and we advise partial defoliation and cutting back at the time of transplanting. We are offering excellent bushy cutting-grown plants.

	Each	10	100
6- 8" C. T.20	1.50	10.00
8-10" C. T.25	1.75	12.50
10-15" C. T.30	2.00	17.50

ORIENTAL MAGNOLIAS

RUSTICA RUBRA. Large dark reddish purple flowers are cup shaped and bloom a little later than Soulangeana. Fast, tall and spreading growers.

SOULANGEANA. Small tree, literally covered with large, very showy flowers of pinkish color, before leaves appear in early spring. One of the most spectacular flowering trees.

SOULANGEANA NIGRA. More shrubby form of Magnolia, with dark purplish pink flowers. Our Magnolias were rooted early in spring and potted in June, and, since in pots, we can ship them any time of the year.

STELLATA. Beautiful pinkish white flowers are produced in great profusion. Dwarf grower and very hardy even in Boston, Mass. We have no B&B plants of Stellata available this season — only liners.

Prices of above four Magnolias:

2¼" Pots50	3.00	25.00
2-3' B&B	2.00		
3-4' B&B	2.50		
4-5' B&B	3.00		
5-7' B&B	4.00		

LILIFLORA. Many stems from the ground, forming a compact bush. Six petalled, lily shaped, purplish flowers.

2¼" Pots40	2.50	20.00
2-3' B&B	1.75		
4-5' B&B	2.50		
5-7' B&B	3.50		

MAHONIA BEALEI

Very broad compound leaves spread out Nandina-fashion. Clusters of yellow flowers in winter, followed by dark purplish berries. An excellent plant in a partially shaded place.

1 yr. seedlings20	1.25	10.00
-----------------------	-----	------	-------

NANDINA DOMESTICA

We are offering nothing but transplanted one and two year olds. Our potted plants and two-year-old transplants are especially nice. Our grading of Nandinas is by the spread of the leaves.

6- 8" S. T.20	1.25	10.00
8-12" S. T.25	1.50	12.50
8-12" from 2¼" pots35	2.00	15.00
12" up, S. T.50	3.00	25.00

OSMANTHUS FORTUNEI

Medium size, compact grower with dark green saw-tooth edged leaves. Small creamy, fragrant flowers in the fall. Hardy in Tennessee. Available in sizes listed below, except no pot plants.

OSMANTHUS FRAGRANS (Sweet Olive)

Compact medium size shrub with holly-like leaves. Cluster of small, creamy flowers are very fragrant.

Prices of above two Osmanthus:

	Each	10	100
6- 8" C. T.20	1.50	12.50
8-12" C. T.25	1.75	15.00
12-18" C. T.35	2.50	20.00
6- 8" from 2¼" pots35	2.50	20.00

PHOTINIA GLABRA

New growth is vivid red. Frequent pruning keeps this plant almost constantly in high color during the growing season. Propagated from highly colored plants, by cuttings.

6- 8" C. T.20	1.50	10.00
8-12" C. T.25	1.75	12.50
12-18" C. T.35	2.00	15.00

PHOTINIA SERRULATA

Shrub up to 20 feet. Serrulated leaves, dark green and shining above, yellowish green beneath. Stands fairly well in Washington, D. C.

8-12" S.20	1.25	15.00
---------------	-----	------	-------

PITTOSPORUM TOBIRA

Will do well in shade or sun; in clay or sand. Very useful for foundation plantings.

PITTOSPORUM TOBIRA VARIEGATA

Pretty, variegated-leaved small plants are used extensively for dish gardens. Will do well under widely varying conditions as to shade and soil.

Prices of above two Pittosporum:

4-6" C. T.15	1.00	7.50
6-8" C. T.20	1.25	10.00

PYRACANTHA CRENATO-SERRATA GRABER (Graber's Firethorn)

Outstandingly new, good Pyracantha, with huge clusters of scarlet berries, around Christmas time. Pyracantha being very difficult to transplant, we are offering this variety in excellent potted plants.

PYRACANTHA COCCINEA LALANDI

Upright grower with orange colored berries. Hardy in sections of New Jersey.

Prices of above two Pyracantha:

6- 8" C. T.20	1.50	10.00
8-12" C. T.25	1.75	12.50
12-18" C. T.30	2.00	15.00
8-12" from 2¼" pots35	2.50	17.50

ROSA ROULETTI

Miniature rose, with small rose-pink flowers profusely and continuously all growing season. Excellent for rock gardens or small pot planting. Our potted plants are well set with buds.

	Each	10	100
2¼" Pots35	2.50	17.50
3" Pots45	3.00	25.00

VIBURNUM ODORATISSIMUM

Fast growing, large shrub with roundish light green leaves. Excellent screen plants.

8-12" C. T.25	1.50	10.00
12-18" C. T.35	2.00	15.00

CONIFERS

CEDRUS DEODARA (Indian Cedar)

Stately tree with symmetrical spreading branches of bluish green foliage. We have exceptionally good one-year seedlings.

6- 8" S.15	1.00	8.00
8-10" S.20	1.25	10.00
10-15" S.25	1.75	15.00

JUNIPERUS EXCELSA STRICTA (Spiny Greek Juniper)

Conical, symmetrical and compact, dark green. Excellent for formal plantings.

4-6" C. T.20	1.25	10.00
6-8" C. T.25	1.50	12.50

JUNIPERUS CHINENSIS FOEMINA (Sylvestris Juniper)

Pyramidal shaped plant with light green foliage. One of the best Junipers in the lower South, but can stand cold of far North.

4-6" C. T.20	1.50	10.00
6-8" C. T.25	1.75	12.50
2¼" Pots30	2.00	17.50

JUNIPERUS CHINENSIS PFITZERIANA

This excellent plant is perfectly at home from the Gulf Coast to Canada; from the Atlantic Coast to the Pacific. We offer excellent cutting grown plants, both in pots and bed-grown. We will also have splendid rooted cuttings, with mass of roots, for January-February delivery, at quite a saving to those who want to pot or plant in beds.

Well rooted cuttings15	1.00	7.50
4- 6" C. T.20	1.75	12.50
6- 8" C. T.25	2.00	15.00
8-12" C. T. 2 yrs.35	2.50	20.00
2¼" Pots30	2.25	17.50

JUNIPERUS COMMUNIS KIYONOI

Very compact and columnar form of English Juniper (*Juniperus communis*) originated by Kiyono many years ago, and planted extensively in middle southern states with great success.

JUNIPERUS GLAUCA HETZI

Similar to Pfitzer Juniper with more bluish color and faster grower. Excellent newer Juniper, doing well in as wide a territory as Pfitzer Juniper.

JUNIPERUS HORIZONTALIS PLUMOSA

(Andorra Juniper)

Bluish green, plume-foliaged, spreading Juniper will turn into warm, purplish color, during the winter months.

Prices of above three kinds:

	Each	10	100
4- 6" C. T.20	1.50	10.00
6- 8" C. T.25	1.75	15.00
8-12" C. T.30	2.00	17.50

PODOCARPUS SINENSIS

We have only narrow leaved kind grown from cuttings.

6- 8" C. T.20	1.50	10.00
8-12" C. T.25	1.75	15.00
12-18" C. T.35	2.00	17.50

RETINOSPORA ERICOIDES

Very fast upright grower of bluish green color.

8-12" C. T.25	1.50	10.00
12-18" C. T.35	2.00	12.50
18-24" B&B75		
2- 3' B&B	1.00		

RETINOSPORA PLUMOSA

Well-known *Retinospora* with plume-like foliage.

RETINOSPORA SQUARROSA VEITCHI

Feathery soft foliage is light bluish color.

Prices of above two kinds:

4-6" C. T.20	1.25	10.00
6-8" C. T.25	1.50	12.50

AZALEA INDICAS

Our lining-out size Azaleas, offered for early spring 1953 delivery, were all transplanted in cold frames in June, the first cutting back in August being followed by several shearings. We have no left-over two-year-old liners with "long legs," but these are all young thrifty stock. We have perfected winter protection methods, so that we can guarantee the delivery of first quality Azalea liners. Let us book your order early, because quality stock will be limited in supply.

ELEGANS

Clear pink, early. Fast, upright grower.

FIELDER'S WHITE

Pure white of good size flowers at rather early part of season. Compact and profuse bloomer. One of the very best.

FORMOSA

Big, purplish pink flowers of mid-season. Very fast grower with large dark leaves.

GEORGE L. TABER

Soft lavender-pink faintly streaked darker pink. Fast grower and hardy.

INDICA ALBA

Pure white flowers at mid-season. Upright grower when young. Very hardy, withstanding the winter of New Jersey.

JUDGE SOLOMON (Southern Charm)

Growing habits exactly like Formosa with flowers identical to those of Pride of Mobile.

PRIDE OF MOBILE

Watermelon red of good size in mid-season. Fast grower and profuse bloomer.

SALMON (Lawsal)

Salmon pink, mid-season, profuse bloomer. Very hardy.

Prices of Indica Azaleas:

	Each	10	100
6- 8" from cold frames,			
Spring delivery20	1.25	10.00
8-10" with buds50	4.00	30.00
10-12" with buds75	5.00	40.00
12-18" with buds	1.00	7.00	60.00
18-24" with buds	1.25	10.00	90.00
6- 8" liners \$90.00 per 1000			

HARDY JAPANESE AZALEAS

This group of Azaleas can stand a good deal of cold weather, being hardier than Indicas or Kurumes, and they are recommended for planting in northern belts of Southern States, but they will also do well on Gulf Coast.

KAEMPFERI

Pink to orange red flowers of rather late season. Does well in lower South, but also hardy in New England States.

MACRANTHA, DOUBLE

Double flowering pink of Macrantha, doing well in lower south as well as in very cold climate. Liners only.

MACRANTHA ORANGE

Orange red flowers of above variety. These Macrantha can stand more hot sun and dry weather, as well as cold, far better than Indica Azaleas.

MAXWELL

Large, white flowers with pinkish throat. Fast, upright grower.

Prices of Hardy Japanese Azaleas same as Indicas.

KURUME AZALEAS

CHRISTMAS CHEER

Small, deep crimson, hose-in-hose flowers. Compact grower.

CORAL BELLS

Coral pink, hose-in-hose very profuse bloomer, is probably the most popular variety of all the Kurumes. Fine for forcing.

HEXE (Firefly)

Large, bright scarlet, hose-in-hose of compact growth.

HINO-CRIMSON

Similar to Hinodegiri with deeper crimson flowers which will not fade in sun, and said to be hardier than Hinodegiri. Slow, compact grower.

HINODEGIRI

Deep red, single flowers of good size. Very hardy and well adapted for landscape planting in northern sections of the South, as well as in the Eastern states.

PINK PEARL

Large, beautiful pink hose-in-hose flowers, borne in large clusters.

SALMON BEAUTY

Good size, hose-in-hose, deep salmon color of outstanding beauty.

SNOW

Pure white, hose-in-hose flowers, with dark green glossy foliage.

Prices of Kurume Azaleas:

	Each	10	100
4- 6" liners from cold frames			
Spring delivery20	1.25	10.00
4- 6" with buds60	4.50	35.00
6- 8" with buds75	6.00	50.00
8-10" with buds90	7.00	60.00
10-12" with buds	1.25	10.00	85.00
4- 6" liners — \$90.00 per 1000			

PERICAT AZALEAS

DAWN

Very large crinkle petals of delicate pink, hose-in-hose. Earliest of Pericats to bloom. Roundish, large leaves.

GARDENIA SUPREME

White, hose-in-hose flower of good size, early.

MADAM PERICAT

Flowers are almost identical with Dawn, but bloom two or three weeks later.

PINK PERICAT

Deeper pink of above variety, blooming about same time.

SWEETHEART SUPREME

Good size double of pink color. Half open buds are much like a sweetheart rose. Latest to bloom.

TWENTY GRAND

Medium size partly hose-in-hose flowers of deep pink. Upright grower.

Prices of Pericat Azaleas are same as those of Kurumes.

CAMELLIA JAPONICAS

Abbreviations: E., Early; M., Mid-season; L., Late (time of blooming); BR., Bare-rooted; B&B, Balled and Burlapped.

Our potted camellias have a full season's growth or more, since potting, with top growth of 6 to 18 inches, and they are offered in two grades of 6-8" and 8-12", prices being only about 5c higher than bare-rooted Camellias of these sizes. All of these potted plants are shipped in paper pots, and they are ready now or any time of the year.

Lining-out Camellias which are excellent quality and value, can be shipped as soon as they become dormant. We have some varieties by the thousands, but a rather limited supply of others, so we urge you to place your order early.

Our two and three-year-old liners are branched and very nice heavy plants.

ADOLPHE AUDUSSON AND AUDUSSON VARIEGATED (M) — Group I

Very large, deep red, semi-double, broad petals are often marbled with white. Vigorous, dark green leaves.

Sizes Available: A B C D E F G H J K

ALBA PLENA (E) — Group III

Full imbricated double, snow white, large flowers are still the best of this color and shape. Early, but continues to bloom over a long period. Very good.

Sizes available: A B C D E F G H

ALBA SUPERBA (M) — Group II

Large, semi-double, pure white flowers of mid-season.

Sizes available: A B C D E F G

ASPACIA (Emperor of Russia Var., Czarina) (M) — Group II

This variegated form of Emperor of Russia is deep crimson, splotched white, loose peony form. Vigorous upright but compact grower.

Sizes available: E F

BEALEI ROSEA (Light Cheerful, Chalmers Pink) (M-L) — Group IV

Medium size, full double flowers are very similar to Pink Perfection, but color is deeper rose pink. Very fast, but compact grower.

Sizes available: A B C D E F G

BEAU HARP (M) — Special Group

One of the newest rare varieties, much in demand. Very large, semi-double bright red flowers. Vigorous upright grower with large dark green leaves. This variety was awarded the Illges Medal of 1949.

BESSIE MORSE BELLINGRATH — See Tokino Hagasane

BRILLIANT (Reine des Beutes, Tuteberia) (M-L) Group III

Medium size, bright red, full formal double, resembling somewhat a smaller Mathotiana. Compact grower with dark green leaves.

Sizes available: A B C D E F G

CALIFORNIA TRICOLOR (Crichton) (L) — Group IV

Semi-double, medium size flowers are from pure white, red and variegated, blooming very late in season.

Sizes available: A B C D E F G

CASA BLANCA (M) — Group I

Very large salmon pink flowers are semi-double to full double. An exquisite form and color.

Sizes available: A B D E F

CHANDLERI ELEGANS (E-M) — Group III

Very large beautifully variegated blooms vary from cherry red to deep rose pink and white, and also vary greatly in formation, some being thick peony form and others loose semi-double with golden stamens. Plants set buds while quite young and are prolific bloomers. While it is a very old variety, it is still one of the most spectacular and popular varieties.

Sizes available: A B C D E F G H I

C. M. WILSON (M) — Special Group

Out of the hundreds of varieties of Camellias which have been introduced throughout the years, you will find that Chandleri Elegans continues to hold its place and stand out above all others, when you disregard newness or rareness of a variety. C. M. Wilson is a flesh pink sport of Chandleri Elegans, retaining all the merits of the mother plant and rising to new heights of rareness by virtue of being an exquisite hue which is truly breathtaking. Silvery pink fades into blush and white towards the edges of the petals. The contrast of golden yellow anthers with delicate flesh pink petals and the formation are more of the highly prized rare tree peony flower than of the Camellia.

All introducers of new varieties consider their offerings the best and recommend them as such, but we leave to you and your customers the judgment of the value of this charming new coloring of one of the oldest standbys. Our observation of hundreds of these flowers in bloom did not reveal a single one which reverted to its parents.

Do not fail to stock up on this outstanding variety to supply your customers' demands, which will undoubtedly increase from year to year, for many years to come. Look for this sensational flower at your Camellia shows this fall and winter.

COLONEL FIREY (C. M. Hovey, William S. Hastie) (M-L) — Group II

Large, formal double of dark red.

Sizes available: A B C D H

DAIKAGURA VARIEGATED (Kiyusu; Idaten Shibori) (E) — Group II

Large, thick peony type, deep rose petals are blotched white. Starts to bloom from September and is one of the finest early varieties. Slow grower but profuse bloomer. Our strain has more white than Ward's Daikagura, often more than half white.

Sizes available: A B F J K

DAIKAGURA RED (Shangri-La) (E) — Group II

Solid red form of above.

Sizes available: A B J K

DEBUTANTE (Sara C. Hastie) (E) — Group II

Early blooming, full peony form, large size flowers are delicate shade of soft pink, suitable for corsage. Very fast growth with light green serrated leaves.

Sizes available: A B C D E F G H I

DONCKELAARI (Tea Garden Type) (M) — Group I

Very large, semi-double, red mottled with white. Very prominent stamens. Slow grower with small leaves.

Sizes available: J K

DUCHESS OF SUTHERLAND (M) — Group II

Beautiful very large, semi-double white with curled inner petals. Occasional narrow pink stripes. Vigorous upright grower. Very good.

Sizes available: A B C D E F G H I

ELIZABETH (Monteroni) (L) — Group IV

Medium size, imbricated double white with occasional pink stripes. Strong, spreading grower.

Sizes available: A B C D E F G H I

FANNY BOLIS (M) — Group III

Medium size, semi-double, twisted, rose-red petals are blotched white. Dark green, large foliage makes this a very attractive specimen even when not in flower.

Sizes available: A B C D E F G H I

GENERAL GEORGE PATTON (M-L) — Group I

Medium size, rose-form double of bright pink, having elegant shape of Purity, being pink sport of same.

Size available: K

GIGANTEA (Magnolia King; Emperor Wilhelm) (M-L) — Group II

Very large peony form with large guard petals. Cherry red, marbled, bold white variegation. Vigorous upright grower.

Sizes available: A B C D E F G H

GLEN 40 (M-L) — Group II

Large, full, symmetrical double of vivid deep red. Very old variety but the best of this group. Slow but sturdy grower. We offer variegated form of this at the same price.

Sizes available: C F H

GLOIRE DE NANTES (Leana Superba) (M) — Group IV

Solid rose color of Fanny Bolis with especially attractive broad, large, dark green foliage.

Sizes available: A B C D E F G H

GOVERNOR MOUTON (M) — Group III

Large, irregular semi-double to peony form. Oriental red, mottled white. Spreading growth.

Sizes available: A B C D E F G H I

HAKURAKUTEN (Refugee) (M) — Group II

Pure white, very large, semi-double to loose peony form of outstanding beauty. Probably finest of this Group.

Sizes available: A B C D E F H

HERME (Hikaru-genji; Jordan's Pride) (M) — Group III

Large, semi-double to peony form variegated pink, red and white, usually with white margin. Because of loose formation of flowers, flower buds will withstand more cold than imbricated types, and this variety is more dependable in colder section of Camellia belt. Heavy bloomer even when young.

Sizes available: A B C D E F G H I

HIGH HAT (E) — Group I

Beautiful, flesh pink, sport of Daikagura. Having all the good points of well-known Daikagura, in addition to the most pleasing pink shading of C. M. Wilson, this is one of the most desirable Camellias of present day.

Sizes available: J K

JARVIS RED (M) — Group IV

Medium* size, semi-double, bright red flowers are not prize winners, but because of free-spreading growth, and habit of blooming young and profusely, this is a very desirable garden variety. This is one of the hardiest of all Camellias.

Sizes available: A B C D E F G H

JEANERETTE PINK (L) — Group IV

Medium size, salmon pink, semi-double flowers are borne on long stems, making this a wonderful Camellia for cut flowers for decoration. One of the fastest growers with large leaves.

Sizes available: F G H

JOSHUA E. YOUTZ (White Daikagura) (E) — Special Group

Famed white form of Daikagura heralded from California during the past few years, and entirely different from and far better than the variety "Shiro-Daikagura." Time of blooming is same as Daikagura, but larger and pure white flowers.

KELLINGTONIA (M-L) — Group IV

Medium sized, peony form, red marbled with white and similar to small size Gigantea. Very profuse bloomer.

Sizes available: A B C D E F G H

KISHU TSUKASA (Admiral Nimitz) (M-L) — Group II

Large, full double, imbricated flowers of clear pink, often mottled white. Both flowers and leaves are similar to Laurel Leaf.

Sizes available: A B C D E F G J K

KUMASAKA (Lady Marion; Beni-Karako) (M-L) — Group III

Very large, loose peony form to informal double of glowing rose-pink. Profuse bloomer.

Sizes available: A B C D E F G

LADY CLARE (Grandiflora Rosea; Empress; Akashi-gata) (M) — Group II

Very large, flat, semi-double, rose pink. Vigorous, compact grower. One of the hardiest of the Camellias. Very desirable.

Sizes available: A B C D E F G

LADY JANE GREY (Eugene Lizze) (M) — Group II

Large, informal double to double peony form, red splashed and marbled white. Slow, compact grower.

Sizes available: A B C D E F

LADY MARY CROMARTIE (M-L) — Group II

Large, incomplete double to loose peony form of deep rose color. Vigorous upright grower.

Sizes available: D E F G H I

LADY VAN SITTART (M) — Group III

Medium size, semi-double, deep pink with wavy petals of elegant shape. Narrow, twisted leaves. We also have this in variegated form with white stripes.

Sizes available: A B C D E

LA REINE VARIEGATED (Lady Mary Cromartie Var., Forever Amber) (M-L) — Group II

This is variegated form of Lady Mary Cromartie described above, and offered at the same prices.

Sizes available: A B C D E F G H I

LAUREL LEAF (Lallarook) (L) — Group III

Very large, full double, imbricated, light salmon-pink, usually with some white variegation. Narrow, glossy, attractive foliage. Excellent greenhouse variety for cut flowers. Our 18-24" liners are especially fine.

Sizes available: A B C D E F G H I

LEUCANTHA (L) Group III

Medium size, pure white, semi-double, profuse bloomer. Fast, compact grower.

Sizes available: A B C D E F G H

LINDSAY NEILL (E) Group I

Large semi-double to loose peony form of dark red color, sharply marbled with white, presenting a vivid contrast. Very good. Hardy.

Sizes available: A B C D E F G H

MAGNOLIAEFLORE (M) — Group I

Medium size, semi-double, delicate blush pink with characteristic upright, wavy petals giving an elegant appearance. Slow grower.

Sizes available: A B C D E F

MARCHIONESS OF EXETER (E-M) — Group II

Large, double peony form of clear pink but a little deeper than Debutante. Very good flowers.

Size available: H

MATHOTIANA ALBA (Inconstant Beauty) (L) — Group IV

Large, full imbricated double, white with occasional tinge of pink.

Sizes available: A B C D E F G

MATHOTIANA (Purple Emperor; Purple Dawn; Mathotiana Rubra) (M-L) — Group II

Very large, rose-form, symmetrical double flowers are deep red. As the flowers get older a purple cast appears, especially toward the outer edges of the petals. Vigorous, compact grower and one of the most popular varieties.

Sizes available: A B C D E F G H I

MATHOTIANA VARIANT (C. M. Hovey; Paulina) (M-L) — Group II

Variegated form of above with white blotches.

Sizes available C D E F

MONARCH (Gunelli; Honor or America; Red Ball) (M) — Group III

Very large, double peony form with many clusters of stamens among petaloids. Deep pink, often speckled white. Very compact grower.

Sizes available: A B C D E F

MONJISU (California Donckelaari) (M) — Group II

Medium size, semi-double, vivid cherry red of satin-like sheen, surrounded by dark green foliage, is very attractive.

Sizes available: A B C D E F

MRS. CHARLES COBB (E) — Group II

Large, peony form of very dark red. Vigorous and spreading.

Sizes available: A B C D E F G H

MRS. CHARLES SIMONS (M-L) — Group III

Medium size loose peony form of pure white. Compact, but fairly fast grower.

Sizes available: A B C D E F G H

NAGASAKI (Candida Elegentissima; Miken-jaku) (M) — Group II

Large, semi-double opening flat, with wide, wavy petals of rose pink, mottled white.

Sizes available: A B C D E F G H

PRINCE OF ORANGE (M-L) — Special Group

Semi-double to loose peony form, similar to Victor Emmanuel in formation. A very unusual orange red flower of good size.

PINK PERFECTION (Frau Minna Seidel) (E-M) — Group III

Well known, medium size, formal double of clear pink. Our 18-24" liners of this year are extra nice.

Sizes available: A B C D E F G H I

PRINCE E. NAPOLEON (Pope Pius) (M) — Group IV

Fairly large size imbricated double of deep red. Heavy bloomer. Our 12-18" size liners are very heavy.

Sizes available: A B C D E F G H I

PROFESSOR C. S. SARGENT (E-M) — Group IV

Double peony form of medium size, dark red. Fast grower.

Sizes available: A B C D E F G H I

REVEREND JOHN BENNETT (M) — Group II

Large semi-double, salmon pink of rare beauty. Fast, spreading grower.

Sizes available: A B C D E F G H

REVEREND JOHN G. DRAYTON (Mary E. M.) (M-L) — Group III

Medium size, semi-double to loose peony form with plenty of yellow anthers. Silvery clear pink.

Sizes available: A B C D E F G H

ROSEA SUPERBA (L) — Group I

Regular imbricated double of enormous size, of rose pink. Very vigorous, upright growth. We also have variegated form of this at the same price.

Sizes available: A B C D E F G H I

ROSE DAWN (E-M) — Group II

Medium to large imbricated double of rose-pink, starting to bloom early and continuing for a long time. Fast, compact and spreading grower. We also have a variegated form of this.

Sizes available: A B C D E F

SARAH FROST (M-L) — Group IV

Medium size, imbricated rose-pink. Young and profuse bloomer. Fast, compact grower.

Sizes available: A B C D E F G

SCARLETT O'HARA (Col. Firey Var.) (M-L) — Group III

Variegated form of Colonel Firey, having deep red, imbricated double blooms, with white blotches.

Sizes available: A B C D E F

SEMI-DOUBLE BLUSH (Celtic Rosea; Rose of China) (M) — Group IV

Medium size, semi-double, blush pink color. Excellent grower.

Sizes available: A B C D E F G

SEPTEMBER MORN — See Yohei Haku

SMILING BEAUTY (M) — Group II

Medium to large, semi-double blush.

Sizes available: A B C D E F G H

SNOWDRIFT (Miyako-dori) (M) — Group III

Medium large, pure white, semi-double of wavy petals with elegant shape.

Sizes available: A B C D E F G H

THELMA DALE (M) — Group I

Large size, peony form of clear, delicate pink, with yellow stamens intermixed, present the most charming color and form. One of the very best of recent introductions.

Size available: K

TINSLEY (M) — Group I

Large, semi-double blush color, of Empress shape. Very good.

Size available: K

TOKINO HAGASANE (Bessie Morse Bellingrath) (M) — Group I

Large semi-double to peony form of delicate blush color. Importation by Kiyono during recent years.

Sizes available: F K

VICTOR EMMANUEL (Blood of China) (L) — Group III

Unusually large, velvety red, thick peony form that is most spectacular. Compact, bushy grower.

Sizes available: A B C D E F G H

VILLE DE NANTES (M) — Group I

Large, semi-double red beautifully variegated with white. With more irregular form of petals than Donckelaari. Slow grower.

Sizes available: J K

VIRGIN'S BLUSH (M) — Group I

Large semi-double to loose peony form of delicate blush color.

Size available: K

WHITE DAIKAGURA — See Joshua Youtz

WILLIAM DOWNING (Turner's Variegated) (M) — Group IV

Medium size, semi-double of Donckelaari type and color. Fast grower and very free bloomer, making a very desirable plant for garden planting.

Sizes available: E F G H

WOODVILLE RED (Martin Roberts; Kollock) (M) — Group I

Very large, thick peony form of strawberry red color.

Sizes available: A B C D E F J K

YOHEI-HAKU (September Morn; Albatross) (E) — Group I

Large, peony form to loose double. White petals are often tinted blush. Very early.

Sizes available: A B C D E F G H

CAMELLIA SASANQUA

BENI KANTSUBAKI (Shishi Gashira) — Group II

Irregular double, crimson flowers of good size, have more substance and lasting quality than most other Sasanquas. Growth and leaf characteristics are more like C. Japonica. This variety blooms late for Sasanquas, starting in November. A great new addition to colder belt of Camellia section, where C. Japonicas are not very dependable. Worthy of extensive planting.

Sizes available: A B C D E F H J K

CHOJI-GURUMA — Group II

Numerous tiny incurved petaloids are surrounded by light pink guard petals, forming pompon. New growth is almost blackish brown.

Sizes available: A B C D E F G J K

HICHI FUKI JIN — Group III

Large size crinkled petal, edged mallow pink.

Sizes available: A B C D E F

HINO DE GUMO — Group II

Large semi-double blush with deeper pink on edges. The most beautiful form and shade of this class of present time. Excellent grower.

Sizes available: A B C D E F J K

HIODOSHI — Group III

Good size nine-petaled flowers are boldly variegated with white blotches on crimson and very showy. Slow, compact grower.

Sizes available: A B C D E F J K

HIRYU (Variegata) — Group III

Crinkled and wavy petals are wine-red with white, and semi-double.

Sizes available: F J K

LITTLE GEM — Group III

Dainty, semi-double blush flowers are small and the name is perfect in describing this charming flower. Slow grower.

Sizes available: J K

OCEAN SPRINGS (Flapper) — Group I

Single to semi-double. Petals pure white spotted red, dog-eared in the center, similar to Ville de Nantes in formation.

Sizes available: J K

OLEIFERA — Group III

Very large white crinkled petals are edged in rose. Very fast grower.

Sizes available: A B C D E F H

PINK SNOW — Group I

Pink form of the well-known Mine-no-yuki. Many petals and petaloids of clear light pink. One of the finest of the new Sasanqua introductions.

Sizes available: J K

USU-BENI (Usuiro Kantsubaki; Showa-No-Sakae) — Group II

Irregular double to semi-double, clear pink, with occasional white mottles. Large size flowers of better lasting quality than most Sasanquas. Compact, but good grower. Excellent new Sasanqua.

Sizes available: A B C D E F G H I K

CLEOPATRA — Group IV

Semi-double rose-pink, peony type. Very compact grower. Extremely popular variety.

Sizes available: A B C D E F G H I

DAWN — Group IV

Semi-double, wavy petals with flesh pink margin. Very hardy.

Sizes available: A B C D E F

DAY DREAM — Group III

Quite large size single to semi-double white flowers with pink edges. The most outstanding merits of this variety are its foliage, growth habit and general shape. Leaves are large, thick and dark green. Very fast and strong upright grower, but form compact pyramidal shape, similar to upright Wax Privet (*Ligustrum lucidum pyramidalis*). An ideal plant for corner planting, or when variations are needed for back-ground planting.

Sizes available: A B C D E F G H I

MAIDEN BLUSH (Pink) — Group IV

Clear single pink of fairly good size and form. Fast, but compact grower.

Sizes available: A B C D E F G H I J

MINE-NO-YUKI (Snow on the Mountain) — Group IV

Well-known large size peony to loose double, pure white Sasanqua was imported by Kiyono some 40 years ago, and this is still in great demand. Probably the most popular of all the Sasanquas.

ROSEA — Group IV

A graceful, upright grower with large single flowers of rose-pink.

Sizes available: F G H
